Here, east meets west, combining the best of both cultures in a modern, dynamic city. Singapore also has a robust and world-renowned education system, making it an ideal study destination for international students. Coupled with Singapore's long history of educational excellence, English is the most widely spoken language here, making it an ideal destination to learn English.

ARCHITECTURE & LANDSCAPE

Nearly 30 per cent of Singapore's urban areas are covered by greenery, and this puts us ahead of many other cities in urban tree diversity¹. Singapore is truly a City in a Garden, with parks, gardens and nature reserves nestled amidst our first-rate infrastructure and buildings. A colourful mix of shophouses, contemporary structures, and cultural treasures line Singapore's bustling streets, so you will never run out of photo spots!

ACCOMMODATION

Truly a great place to stay

Factors to consider when choosing accommodation*:

Cost

This includes the unit's monthly rental fees, rental deposit, security deposit, administrative charges, agent fees, etc. It is also good to note that housing in Singapore can be more expensive within the city.

Location

Do check whether the apartment/hostel is conveniently located and if amenities like public transport, grocery stores, food outlets or banks are easily accessible.

Length of Lease

The minimum lease of a unit is typically one year. You are advised to negotiate the terms of lease with your landlord.

Others

Consider the type of premise, unit size, and the furnishings provided. You should also consider the number of people you will be staying with. If you aren't comfortable with crowds, look for units with fewer tenants.
